Relentlessly raising the bar, Falcon range cookers set out to inspire the passion and creativity of professional cooking in the domestic kitchen.

Stemming from a long standing heritage in professional catering equipment, the commercial pedigree of the Falcon brand is evident throughout every product; precision engineering, outstanding build quality, design flair and high performance come as standard.

Falcon is the choice for those who share our passion for food, style and exceptional cooking.
**Cooking Power**

Offering the choice of powerful gas hob, or sleek looking induction top, the Falcon range provides you with ultimate control and superior performance.

Falcon cookers will let you indulge in your favourite culinary dishes with their two large high performance ovens*. Both the multifunction and fanned oven are complete with stay-clean removable liners. The robust dual circuit grill features a fully extending gliding tray.

**Dual Fuel**

Offers five professional standard burners, including a 5kW central burner, essential for the high temperatures needed to create wonderful stir-fried dishes.

Falcon dual fuel hotplates feature a one piece burner head and individual pan supports for easy cleaning and reassembly.

All dual fuel models are manufactured with Flame Supervision Devices (FSD’S) as standard.

**Induction**

Fast, responsive and incredibly controllable, induction cooking is becoming increasingly popular. Incorporating a wealth of safety features, our induction hobs offer by far the most efficient choice.

*900S is an exception with one large cavity*

**Colour Injection**

We know you have a passion for cooking, so we also know how important it is for your kitchen kit to match your personal style, this is why we have introduced eight stunning colour variants to ensure your range cooker suits you. Go retro with ice white, or pay homage to Falcon’s commercial roots with a stainless steel model, even create your dreamy kitchen scene with a soft china blue cooker, and because we care about the finer details, we have a range of coloured hoods to complement too.

Falcon range cookers are at the pinnacle of engineering brilliance; ensuring the quality, durability and functionality you would expect from a cooker with its illustrious commercial heritage. Our cookers are made from a thick 1.2mm gauge stainless steel, our burners are solid brass and in one piece for ease of cleaning, and unlike most hob and cooker panels, our controls are ink moulded and injected onto a chrome plate for a dazzling professional finish made to last.

Falcon cookers have long set the professional standard both at home and in the commercial environment and is the fundamental ingredient in the serious cook’s kitchen.
As the star of your kitchen, a Falcon range cooker is not only built to perform, it’s designed to look the part too. Our impressive range offers a stylish selection of colours, from vibrant Cherry Red to Classic Cream in a variety of widths and layouts to suit your cooking personality.

08 1092 DELUXE
10 1092 CONTINENTAL
12 1000 DELUXE
14 900 DELUXE
16 900 SINGLE CAVITY
18 HOODS
21 SPLASHBACKS
The 1092 Deluxe has become a favourite in UK kitchens because of its stylish design, combined with professional build quality and durability. The sought after 1092 Deluxe features a superior, smooth operating Roll-out grill, which allows you to turn your food safely, whilst offering four variable height settings, heavy-duty control knobs, and an array of colour options.

- Dual fuel or induction
- 8 colours
- 1 x Multifunction oven
- 1 x Fan oven
- Heavy-duty oven shelves
- Catalytic oven liners
- Single handed ignition
- 5kW central burner (dual fuel)
- Stainless steel hotplate (dual fuel)
- Dual circuit roll-out grill
- 3 year warranty
The Continental represents the new standard for the contemporary kitchen, by combining design-led aesthetics and a wider choice of colour options, with the professional build quality, features and performance that have become synonymous with the Falcon name.

- Dual fuel or induction
- 7 colours
- 1 x Multifunction oven
- 1 x Fan oven
- Heavy-duty oven shelves
- Catalytic oven liners
- Single handed ignition

- 5kW central burner (dual fuel)
- Stainless steel hotplate (dual fuel)
- Full width storage drawer
- Closed door grilling
- 3 year warranty
The Falcon 1000 Deluxe combines the build quality and performance you would expect from any Falcon appliance, with the design flair that the modern home enthusiast desires. A capacious full-length fan oven offers extensive space within this one metre footprint.

- Dual fuel or induction
- 8 colours
- 1 x Multifunction oven
- 1 x Fan oven
- Heavy-duty oven shelves
- Catalytic oven liners
- Single handed ignition

- 5kW central burner (dual fuel)
- Stainless steel hotplate (dual fuel)
- Dual circuit roll-out grill
- 3 year warranty
The 900 Deluxe may be small in size, but make no exception that this oven compromises on features. Boasting a powerful 5kW central burner, a multifunction oven twinned with a tall fan oven and a separate roll-out grill, the 900 Deluxe can rival any wider counterpart.

- Dual fuel or induction
- 8 colours
- 1 x Multifunction oven
- 1 x Tall fan oven
- Heavy-duty oven shelves
- Catalytic oven liners
- Single handed ignition
- 5kW central burner (dual fuel)
- Stainless steel hotplate (dual fuel)
- Dual circuit roll-out grill
- 3 year warranty
Our revolutionary 900mm-wide range cooker features a unique energy saving panel (E.S.P) that allows you to split the oven in half - creating a truly flexible appliance, which offers the best of both worlds. Its 108 cubic litre (full capacity) oven is ideal for large family dinners, but it quickly transforms into a compact, economical single oven for smaller meals.

- Dual fuel or induction
- 7 colours
- 1 x Multifunction oven
- Energy saving panel
- Heavy-duty oven shelves
- Catalytic oven liners
- Single handed ignition
- 5kW central burner (dual fuel)
- Stainless steel hotplate (dual fuel)
- Closed door grilling
- 3 year warranty

With the E.S.P in place, the right hand oven can be used to cook in exactly the same manner as the full oven with identical functionality. Whether you are using the full size or divided oven, you have access to an impressive seven functions, including fan assisted and defrost settings. This fabulous range cooker is also A-rated for energy, which is especially impressive considering its 108 cubic litre capacity is one of the largest available in Europe.
SUPER EXTRACT HOOD

- Available in 300, 1000 & 1092mm widths
- Powerful extraction rate of 795.8m³/hr
- 10 minute delayed ‘fan off’ to clear residual fumes
- Three speed settings plus intensive (power boost) mode
- Effective light configuration providing optimum lighting on the hob
- Illuminated push button controls
- Two 2.6 watt integrated bright LED spotlights
- Dishwasher safe metal grease filters
- Grease filter timer warning after 30 hours of accumulated use
- Available in 900 & 1090mm widths
- Powerful extraction rate of 804.2m³/hr
- Three speed settings plus intensive (power boost) mode
- Effective light configuration providing optimum lighting on the hob
- Illuminated push button controls
- Two 2.6 watt integrated bright LED spotlights
- Dishwasher safe metal grease filters
- Grease filter timer warning after 30 hours of accumulated use
- Available in 1091mm width
- Powerful extraction rate of 740m³/hr
- Push button controls
- Three speed settings plus intensive (boost) mode
- Dishwasher safe metal grease filters and charcoal filters for use in recirculation mode

CONTEMPORARY HOOD

- Available in 900 & 1090mm widths
- Powerful extraction rate of 795.8m³/hr
- Three speed settings plus intensive (power boost) mode
- Effective light configuration providing optimum lighting on the hob
- Illuminated push button controls
- Two 2.6 watt integrated bright LED spotlights
- Dishwasher safe metal grease filters
- Grease filter timer warning after 30 hours of accumulated use
- Available in 1091mm width
- Powerful extraction rate of 740m³/hr
- Push button controls
- Three speed settings plus intensive (boost) mode
- Dishwasher safe metal grease filters and charcoal filters for use in recirculation mode

SUPER FLAT HOOD

- Available in 900, 1000 & 1092mm widths
- Powerful extraction rate of 795.8m³/hr
- 10 minute delayed ‘fan off’ to clear residual fumes
- Three speed settings plus intensive (power boost) mode
- Effective light configuration providing optimum lighting on the hob
- Illuminated push button controls
- Two 2.6 watt integrated bright LED spotlights
- Dishwasher safe metal grease filters
- Grease filter timer warning after 30 hours of accumulated use
- Available in 1091mm width
- Powerful extraction rate of 740m³/hr
- Push button controls
- Three speed settings plus intensive (boost) mode
- Dishwasher safe metal grease filters and charcoal filters for use in recirculation mode

*1092mm only
**FEXT720/ BUILT-IN HOOD**

- Extraction rate of 785m³/hr
- Built-in hood with professional style stainless steel insert
- Three speed settings plus intensive (boost) mode
- Operated by remote control or integrated illuminated push button controls
- Two 35 watt integrated halogen spotlights
- Dishwasher safe metal grease filters and charcoal filters for use in recirculation mode
- Supplied for extraction or recirculation use

**FM900/ BUILT-IN HOOD**

- Extraction rate of 787.4m³/hr
- Built-in hood with professional style stainless steel insert
- Three speed settings plus intensive (boost) mode
- 6 illuminated push button controls
- Two 2.6 watt integrated bright LED spotlights
- Dishwasher safe metal grease filters
- Grease filter timer warning after 30 hours of accumulated use

**GLASS SPLASHBACKS**

- Available in 900, 1000* & 1092* widths
